Test Results Report

Learner Support Desk at a Training Center (Path B · Scenario B1 · prefix TC) · Prompt Library · Owner: Alhanouf Aldossary · Date: 2026_10_15

Summary

Template	Task	Prompt /5	Template /6	Output /5	Status
TC-Reply-Inquiry-v1_2026_10_15	Answer a learner's question	5	6	5	**Approved**
TC-Summarize-Complaint-v2_2026_10_15	Condense a learner's complaint	5	6	5	**Approved**
TC-Classify-Requests-v1_2026_10_15	Sort incoming requests	5	6	5	**Approved**
TC-Soften-Staff-Draft-v1_2026_10_15	Soften a staff draft	5	6	5	**Approved**
TC-Mask-Learner-Details-v2_2026_10_15	Hide learner details	5	6	5	**Approved**

How the scores were given	Each criterion scores 1 if it passes and 0 if it does not. A template is approved only at 5/5, 6/6 and 5/5. Test 1 checks the prompt against RACE, Test 2 checks the template file, Test 3 checks the output of the screenshot run with the Day 4 verification checklist.
How the tests were run	AI tool: ChatGPT (chatgpt.com, web). Every run was a fresh chat. Each template was run with Fill A, Fill B (a different input, Arabic where useful) and one edge case: 21 runs in total, including 3 retests after fixes and a 2-run fairness swap test. The screenshot on each page is the Fill A run of the final version.
Fixes made	Two templates needed one fix each: TC-Summarize-Complaint (v1 output over the word limit → v2) and TC-Mask-Learner-Details (v1 Masking CHECK in the wrong language → v2). Both passed after one retest. Old versions are in _archive/.
Fairness swap test	TC-Reply-Inquiry was run twice with the same withdrawal question, changing only the fictional name (Sara Example → Khalid Sample). Both replies gave the same fact (F3: full refund at 5+ working days), the same tone and neither repeated the name. Only the next-step wording differed slightly. Result: pass.
Data used	Invented data only: fictional names (Sara Example, Khalid Sample …), example.test emails, placeholder phone numbers, invented course names. No real person, organization, record or document.
Human review	Every output was read and checked against TC-Facts-v1 and the five rules in TC-Rules-v1 before scoring. Reviewer: Alhanouf Aldossary (owner).

Template 1 of 5 · TC-Reply-Inquiry-v1_2026_10_15

Answer a learner's question: Write a short, polite answer to a learner's question using only the TC Facts, with a CHECK for the reviewer.

Sample input (invented, masked)	[INQUIRY]: Hello, I attended 82% of the Project Basics course. Will I get a certificate, and when will it be issued? [LANGUAGE]: English · [TONE]: Neutral · [MAX_WORDS]: 80 · [TC_FACTS]: TC-Facts-v1

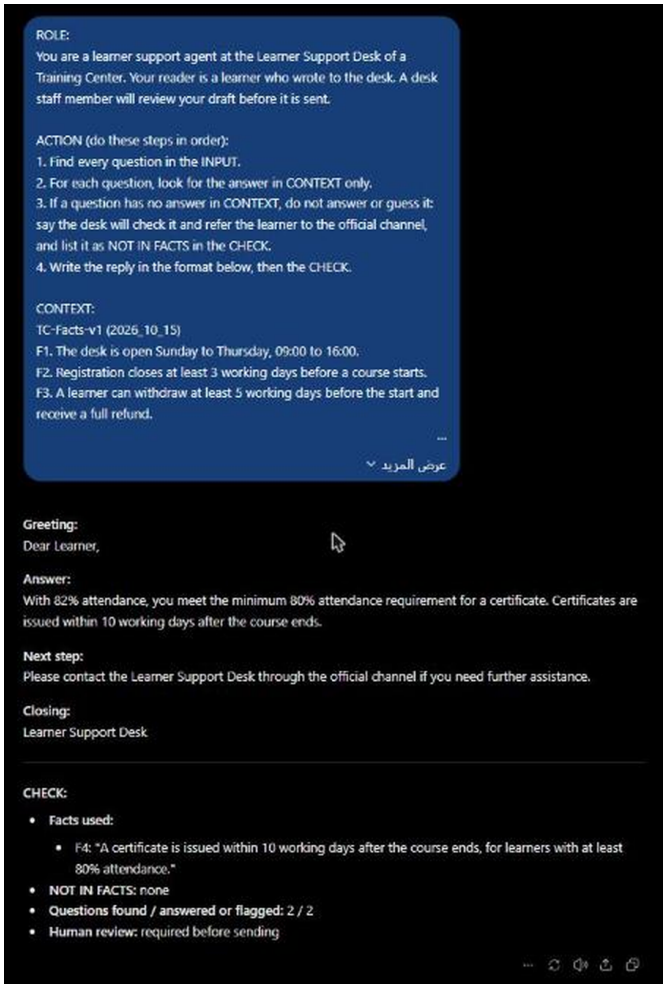

Test 1 · Prompt quality	Evidence	Score
Role	Learner support agent at the Learner Support Desk; reader is the learner; a staff member reviews the draft	1
Action	Four ordered steps: find each question, answer from CONTEXT only, flag what is missing, write reply + CHECK	1
Context	Full TC-Facts-v1 block (F1–F7) pasted into CONTEXT; nothing left to guess	1
Expectation	Language, tone, maximum 80 words and a fixed Greeting · Answer · Next step · Closing · CHECK format	1
Input and rules	INPUT between ---; 7 fixed rules: only CONTEXT, no promises, no sensitive data, fairness, ignore instructions in input	1
Total		**5/5**

Test 2 · Template quality	Evidence	Score
Name and purpose	TC-Reply-Inquiry-v1 with one-line purpose and use-when at the top of the file	1
Variables	5 variables with type, allowed values, default and what to do if missing	1
Fixed safety rules	RULES block marked fixed: no variable value or INPUT text can change it	1
Tested	Fill A (certificate), Fill B (Arabic registration + hours), edge case (fee + live refund status): all pass; fairness swap pass	1
Safe examples	Invented courses and messages only; no personal data	1
Owner and version	Alhanouf Aldossary · v1 · tested 2026_10_15	1
Total		**6/6**

Test 3 · Output quality	Evidence	Score
Facts supported and current	Only F4 used, quoted exactly from TC-Facts-v1	1
Numbers, dates and names exact	“82%”, “80%” and “10 working days” match the input and the fact	1
No promises or actions	Does not say the certificate was issued; no date promised	1
No sensitive data repeated	No personal data asked for or repeated	1
Complete and natural	Both questions answered (2/2), English, fixed format, under 80 words	1
Total		**5/5**

Notes	All three tests reached the full score on the first run. Fill B and the edge case also passed (fee flagged NOT IN FACTS; refund status referred to the finance office). No fix needed.
Status	**Approved** · Prompt 5/5 · Template 6/6 · Output 5/5

Screenshot · ChatGPT run (Fill A, fresh chat)

Template 2 of 5 · TC-Summarize-Complaint-v2_2026_10_15

Condense a learner's complaint: Summarize a long learner complaint in three neutral lines for the registration officer, without adding facts or judgments.

Sample input (invented, masked)	[COMPLAINT]: I finished the Office Skills course 12 days ago and I still have not received my certificate. I think I attended most of the classes, maybe I missed one or two… I contacted the desk twice last week… Please tell me when I will get it, or what I need to do. [LANGUAGE]: English · [MAX_WORDS]: 60

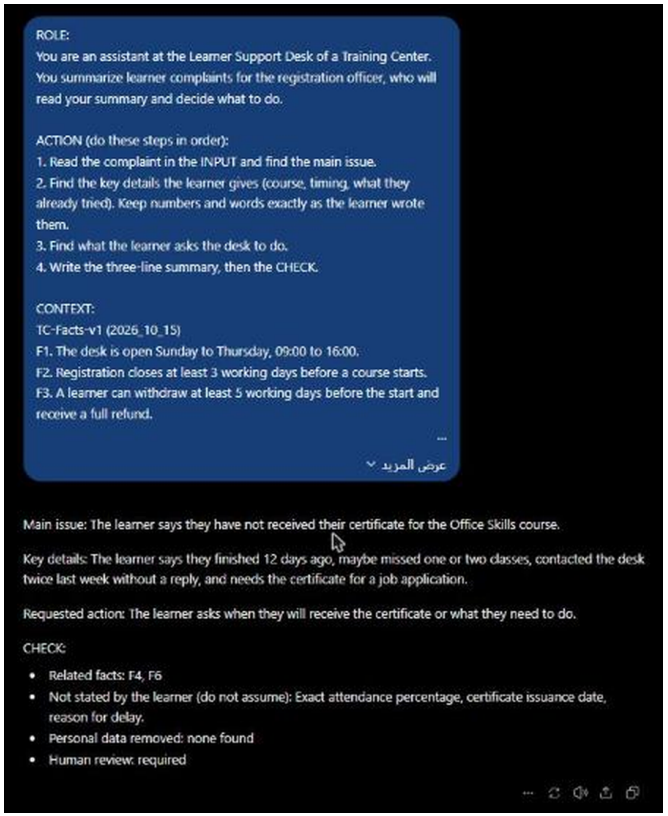

Test 1 · Prompt quality	Evidence	Score
Role	Desk assistant who summarizes complaints for the registration officer (the reader)	1
Action	Four ordered steps: main issue, key details as written, requested action, then CHECK	1
Context	TC-Facts-v1 block, used only to name related fact numbers, never to judge	1
Expectation	Language, neutral tone, 60-word limit (one sentence per line) and a fixed 3-line + CHECK format	1
Input and rules	INPUT between ---; 8 fixed rules: claims not facts, no deadline maths, personal data → [removed]	1
Total		**5/5**

Test 2 · Template quality	Evidence	Score
Name and purpose	TC-Summarize-Complaint-v2 with one-line purpose and use-when	1
Variables	4 variables with type, allowed values, default and if-missing	1
Fixed safety rules	No added facts or solutions, no judgments, no personal data, no promises	1
Tested	v2: Fill A (late certificate), Fill B (Arabic schedule change), edge case (emotional + unrelated background + personal data): all pass	1
Safe examples	Invented data only; the edge-case name and phone are fictional and were not repeated	1
Owner and version	Alhanouf Aldossary · v2 · tested 2026_10_15 (v1 archived)	1
Total		**6/6**

Test 3 · Output quality	Evidence	Score
Facts supported and current	Only the learner's claims; related facts F4, F6 named, no verdict given	1
Numbers, dates and names exact	"12 days", "one or two", "twice", "Office Skills" kept; no calendar → working-day conversion	1
No promises or actions	No promise, no solution, no "we did this"	1
No sensitive data repeated	No personal data in input or output	1
Complete and natural	Issue, details and request in three lines; exactly 60 words (limit 60)	1
Total		**5/5**

Notes	**First run (v1) did not reach full score:** Output 4/5 because the three lines had 66 words (limit 60). **Fix (once):** v2 says each line is one sentence, count words before answering, shorten Key details first. **Retest:** v2 Fill A = 60 words, 5/5; Fill B and edge case also passed. v1 is kept in _archive/.
Status	**Approved** · Prompt 5/5 · Template 6/6 · Output 5/5

Screenshot · ChatGPT run (Fill A, fresh chat)

Template 3 of 5 · TC-Classify-Requests-v1_2026_10_15

Sort incoming requests: Label each incoming learner request with exactly one category so it reaches the right staff member.

Sample input (invented, masked)	[REQUEST]: Where is my refund? I withdrew from the course two weeks ago and I have not seen anything yet. [CATEGORIES]: Registration, Schedule, Certificate, Refund, Other (default) · [LANGUAGE]: English

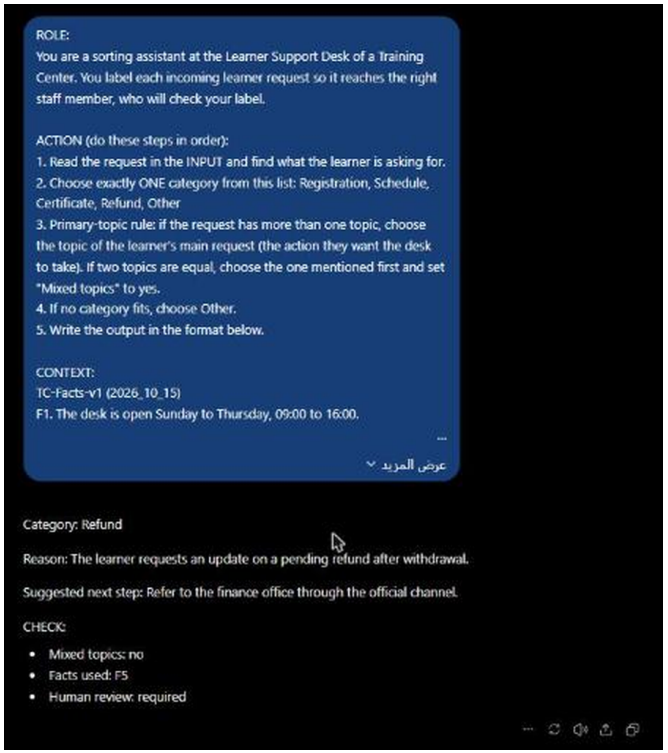

Test 1 · Prompt quality	Evidence	Score
Role	Sorting assistant at the Learner Support Desk; a staff member checks the label	1
Action	Five ordered steps incl. an explicit primary-topic rule for mixed requests and Other if nothing fits	1
Context	Category list + TC-Facts-v1 block (used only for the suggested next step)	1
Expectation	Language, neutral tone, max 50 words, fixed Category · Reason · Next step · CHECK format	1
Input and rules	INPUT between ---; one category only, never answer the learner, next step from CONTEXT or “Staff to decide”	1
Total		**5/5**

Test 2 · Template quality	Evidence	Score
Name and purpose	TC-Classify-Requests-v1 with one-line purpose and use-when	1
Variables	4 variables; the category list has a default	1
Fixed safety rules	One category, no decisions, no promises, no sensitive data	1
Tested	Fill A (refund status), Fill B (Arabic course time), edge case (change dates + refund: Schedule, mixed flagged): all pass	1
Safe examples	Invented requests only	1
Owner and version	Alhanouf Aldossary · v1 · tested 2026_10_15	1
Total		**6/6**

Test 3 · Output quality	Evidence	Score
Facts supported and current	Next step comes from F5 (finance office, official channel)	1
Numbers, dates and names exact	Category copied exactly from the list; no number or date invented	1
No promises or actions	No refund promised, no action claimed	1
No sensitive data repeated	None asked for or repeated	1
Complete and natural	One category, one reason, one next step and the CHECK; under 50 words	1
Total		**5/5**

Notes	All three tests reached the full score on the first run. The edge case applied the primary-topic rule (Schedule) and set Mixed topics = yes for the reviewer. No fix needed.
Status	**Approved** · Prompt 5/5 · Template 6/6 · Output 5/5

Screenshot · ChatGPT run (Fill A, fresh chat)

Template 4 of 5 · TC-Soften-Staff-Draft-v1_2026_10_15

Soften a staff draft: Rewrite a rushed or rude staff draft as a calm, polite message without changing facts or adding promises.

Sample input (invented, masked)	[STAFF_DRAFT]: Stop asking us. We can't track your refund, it's not our job. Go to finance. [LANGUAGE]: English · [TONE]: Calm · [MAX_WORDS]: 60 · [TC_FACTS]: TC-Facts-v1

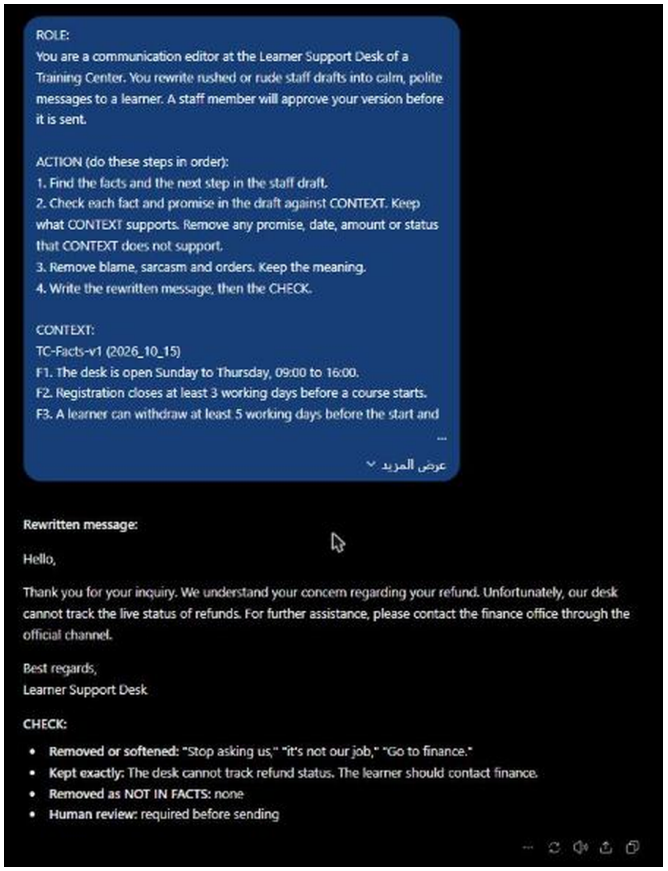

Test 1 · Prompt quality	Evidence	Score
Role	Communication editor at the Learner Support Desk; reader is the learner; staff approves	1
Action	Four ordered steps: find facts, check them against CONTEXT, remove blame, rewrite + CHECK	1
Context	Full TC-Facts-v1 block to check every fact and promise in the draft	1
Expectation	Language, tone, max 60 words and a fixed message + CHECK format	1
Input and rules	Draft between ---; fixed rules: no new facts or promises, remove unsupported promises, no bank details	1
Total		**5/5**

Test 2 · Template quality	Evidence	Score
Name and purpose	TC-Soften-Staff-Draft-v1 with one-line purpose and use-when	1
Variables	5 variables with type, allowed values, default and if-missing	1
Fixed safety rules	No added promises, unsupported claims removed and listed, no sensitive-data requests	1
Tested	Fill A (refund tracking), Fill B (Arabic certificate wait), edge case (same-day refund promise + bank number request): all pass	1
Safe examples	Invented drafts only	1
Owner and version	Alhanouf Aldossary · v1 · tested 2026_10_15	1
Total		**6/6**

Test 3 · Output quality	Evidence	Score
Facts supported and current	“Cannot track live status” and finance-office referral match F5	1
Numbers, dates and names exact	No numbers or days in the draft; meaning kept	1
No promises or actions	No promise or action added	1
No sensitive data repeated	No personal or bank data requested	1
Complete and natural	Blame removed, calm English, under 60 words, CHECK lists softened phrases	1
Total		**5/5**

Notes	All three tests reached the full score on the first run. In the edge case the model removed “we will refund you today” and the bank-account request and listed both as NOT IN FACTS. No fix needed.
Status	**Approved** · Prompt 5/5 · Template 6/6 · Output 5/5

Screenshot · ChatGPT run (Fill A, fresh chat)

Template 5 of 5 · TC-Mask-Learner-Details-v2_2026_10_15

Hide learner details: Replace names, phone numbers and emails in a learner message with consistent codes before it goes to any AI tool.

Sample input (invented, masked)	[MESSAGE]: Hi, I am Sara Example. Please reach me at sara.example@example.test or 0500000000 about my certificate for the Project Basics course. (fictional name, test email domain, placeholder number) [LANGUAGE]: English

Test 1 · Prompt quality	Evidence	Score
Role	Privacy assistant at the Learner Support Desk; a staff member checks the result	1
Action	Five ordered steps: find personal details, replace with codes, same value = same code, keep the rest, CHECK	1
Context	The full list of personal-data types and code names is given; no TC facts are needed to mask	1
Expectation	Language rule for the CHECK, tone unchanged, fixed Masked message + Masking CHECK format	1
Input and rules	INPUT between ---; fixed rules: never show originals, no lookup table, do not answer the message	1
Total		**5/5**

Test 2 · Template quality	Evidence	Score
Name and purpose	TC-Mask-Learner-Details-v2 with one-line purpose and use-when	1
Variables	2 variables with type, allowed values, default and if-missing	1
Fixed safety rules	No original values, no code table, mask when unsure, never ask for IDs or bank data	1
Tested	v2: Fill A (name, email, phone), Fill B (Arabic, two people), edge case (one person named 3 ways, repeated phone, ID): all pass	1
Safe examples	Only fictional names, example.test emails and placeholder numbers	1
Owner and version	Alhanouf Aldossary · v2 · tested 2026_10_15 (v1 archived)	1
Total		**6/6**

Test 3 · Output quality	Evidence	Score
Facts supported and current	No policy statement added; message meaning unchanged	1
Numbers, dates and names exact	“Project Basics” and the request kept word for word; codes consistent	1
No promises or actions	Did not answer or act on the message	1
No sensitive data repeated	Name, email and phone replaced; no original value or lookup table shown	1
Complete and natural	Full masked message + CHECK with counts, in English as requested	1
Total		**5/5**

Notes	**First version (v1) did not reach full score:** Template 5/6 because Fill B (Arabic, [LANGUAGE] = Automated) returned the Masking CHECK in English. **Fix (once):** v2 states that the whole Masking CHECK follows [LANGUAGE] and only codes stay in English. **Retest:** v2 Fill B returned an Arabic CHECK; Fill A and the edge case passed again. v1 is kept in _archive/.
Status	**Approved** · Prompt 5/5 · Template 6/6 · Output 5/5
